Jupiter Lite Armchair

The unique lightness is the essence of the armchair Jupiter Lite, the result of the constant and innovative stylistic research of Arketipo Firenze. Version Lite with the shell in polyurethane, a smoother material in comparison to fibber glass. The perfect balance of the shape and the taste of a timeless style make Jupiter a key piece of the living area.

Juno Armchair

In the armchair Juno the soft padding of back and arms contrasts with the rigour of the thin structure. A long thin line joins and separates the inner and the outer parts. The zip runs all around the perimeter creating a fascinating connection between the parts. The frame rests on four metal feet which build light three-dimensional forms.
